- Tracks performance of scholarship students
- Fee/Attendance reminders and progress reports
- Attendance & Marks analysis
- Integration with attendance capturing devices
- Accounts module similar to Tally
- Payroll integrated Staff module
- Barcode integrated Library module
- Login for students/parents to access data online

Modules are as follows:

- 1. ADMIN**
- 2. ACADEMICS**
- 3. PLACEMENTS**
- 4. CORRESPONDENCE**
- 5. ADMISSIONS**
- 6. EXAMINATIONS**
- 7. EMPLOYEE**
- 8. LIBRARY**

Benefits of ECAP:

Campus automation software enables institutions of higher learning including colleges to manage admission and learning processes. They are designed and developed to provide real help in managing enrollment of students; attendance; monitoring faculty; providing fee details; scheduling assignments; grading students according to their performance and maintaining library.

The world is fast moving towards e-learning and all the institutions of higher learning are fast adopting the process of learning through the web. We help other institutions in adopting the latest technology. Our objective is to help remove the obstacles that other institutions could come across during the technology adoption process.

Ours is a comprehensive web based software with a multitude of user-friendly features all included in a very responsive design. The software would help in managing the entire system from academics to administration in a hassle free manner. The automated system allows teachers, students, parents and administrators to remain in touch with each other. It is for better communication and services.
